Understanding A Patient Centered Medical Home

What is a Medical Home?
A Patient-Centered Medical Home is a model of patient care that uses a team-based approach and emphasizes care coordination and communication to provide quality care, and achieve an excellent patient care experience.

Your Role as a Patient:
- Communicate closely with us.
- Keep us up-to-date with your medications, immunizations, allergies, conditions, tests, consultations & hospitalizations.
- Advise us of any changes you or your families’ medical history.
- Inform and authorize your other providers to coordinated your care with us.
- Participate in decisions about your health.
- Follow treatment plans and self-care management directions
- Speak up and Ask Questions

Our Role as your Trusted Healthcare Team:
- Provide a safe and healthy healthcare environment.
- Partner with you in making your healthcare decisions.
- Coordinate with you, your authorized representatives, and other healthcare providers.
- Keep you informed and on track by providing:
  - Health Coaching
  - Self-Care Management Support
  - Health Resources
  - Preventative Care

Did You Know?
You can prolong your life and lower the cost of your healthcare just by taking control of your health!

Having an annual exam with your provider can help assess and improve your overall health and well-being.

We Value:
- Safety
- Personalized and Comprehensive Care
- Communication
- Accessibility
- Coordination
- Continuity

For questions or concerns about Patient Centered Medical Home please call Britney Trone at 217/323-2303.
